

ARTICTURE — MADE-TO-ORDER RUGS

## The Odette

A dense all-over Persian floral in the Ziegler manner: palmettes and vines filling the field edge to edge inside a narrow border. Faded palette, low pile, flat bound edges, no fringe.

*Eight colourways. Area rug in six sizes, runner in five. Made to order — delivered in 4–6 weeks.*

SIZES

nominal, made to order

|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>CONSTRUCTION</b><br><br>Machine-made, printed design. Low pile with a flat, even surface. Edges bound flat with no fringe or tassels, so the rug sits clean against furniture and vacuums without snagging. | <b>PLACEMENT</b><br><br>Living rooms: front legs of the sofa and chairs on the rug. Bedrooms: leave 18–24" of rug showing on each side of the bed. Runners: 2'6" for standard halls, 3' for wider halls and kitchens. Use a non-slip rug pad on hard floors. | <b>CARE</b><br><br>Vacuum regularly with the beater bar off. Blot spills straight away with a clean cloth and cold water — do not rub. Rotate once or twice a year to even out wear. Professional cleaning for deep stains. |
|----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|--------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

Dimensions are nominal; made-to-order rugs may vary by up to 2%. Weights are approximate shipping weights. Colours are reproduced as closely as print allows — request a sample if choosing between two colourways. Every rug is made specially to order; production cannot be cancelled once it starts.
